# Touch Tone Telephone Account Wagering

The Touch Tone Account Wagering System allows you to place wagering on your existing Telephone Wagering Account using only a Touch Tone Phone.

To use this system you will need an active Telephone Account with a current credit balance sufficient to cover the intended wagers as well as access to a Touch Tone Phone.

## Accessing the System

You can gain access to the Touch Tone System by calling the automated TAB Line at 897-BETS (2387).

When first connected to the Touch Tone Account System the Patron will hear the *“Welcome Message”* and a few simple instructions. When the *“Welcome Message”* is complete you will be prompted to begin the Log On Process.

The Touch Tone Account System will give you a number of *Voice Message Prompts* that will guide you through the process of Logging on and Placing wagers. These will all have a similar pattern whereby you will receive the Prompt and will then be expected to reply using the Touch Tone Pad on your phone.

There are a few simple functions that you should know for operating in the Touch Tone System:

- 1) # - **ENTER** key that is used to complete each entry (much like hitting the ENTER key on a computer keyboard). Therefore, after entering the appropriate data using the phone pad you must hit # to finish the entry and move onto the next Voice Message.
- 2) \* (followed by #) will give you a detailed **HELP** explanation as to what the System expects from you if you are unsure of what to enter. You may enter \*# after any Voice Message to access **HELP**.

## Logging Onto The System

Once the *“Welcome Message”* is complete you will hear the following prompts:

*“Enter Account Number”* - You would now enter your Account number followed by the #

*“Enter 4 Digit PIN Number”* - You would now enter your PIN number followed by the #

*“Verifying Your Account”*

*“One Moment Please”*

*“Your balance is \$xxxx.cc”*

## Placing Wagers

**“Enter Track”** You would now enter the Event Number of the Track you wish to wager on followed by #. For a complete list of the Tracks and their corresponding Event Numbers you can enter \*# after the prompt.

**Note:** At any time during the entry of a wager you can return to the **“Enter Track”** prompt by entering \*0#

**“Enter Race”** You would now enter the Race Number followed by the #. \*# will list the available races.

**“Enter Pool”** You would now enter the Pool Number that corresponds to the type of wager you wish to place. \*# will list the Pools available in the selected race.

## Touch Tone Pool Numbers

1- WIN	8- WIN 4
2- PLACE	9- PICK 3
3- SHOW	10- QUINELLA
4- WIN/PLACE/SHOW	11- EXACTOR
5- WIN/PLACE	12- DAILY DOUBLE
6- TRIACTOR	13- SUPERFECTA
7- PICK 7	14- PICK 6

**Note:** For a Box wager you must enter a \* before selecting the Pool Number. For example; if you want an Exactor Box you would have to enter \*11# after the **“Enter Pool”** prompt.

**“Enter Runners”** You would now enter the Runner Number you wish to wager on followed by the #.

**Note:** For wagers that require Multiple Runners or Multiple Legs, you must use \*\* to separate each of the Runners (a Straight Bet), or to separate each of the Finish Positions or Legs (a Wheel Bet). \*\* would be the equivalent of saying **WITH** in a wagering string.

If you are making a Wheel Bet where you are selecting more than one Runner in each Finish Position or Leg then those runners must be separated by a \* in each Position or Leg. \* would be the equivalent of saying **AND** in a wagering string. This would also apply if you were Boxing multiple Runners in a Wager.

**“Enter Wager Amount”** You would now enter the dollar value of the Wager followed by #

**The Touch Tone Account System will now repeat the entire wager transaction back to you prior to asking you to Confirm and Enter or to Reject your Wager.**

**“Is This Correct”** You must now enter 9# (**Yes**) to Confirm and Enter the Wager, or you must enter 6# (**No**) to Reject the Wager.

If you confirm the Wager (9#), then;

**“Recording Wager”**

**“One Moment Please”**

**“Wager Accepted”**

**“Your Balance Is \$xxxx.cc”**

**“Would You Like To Make Another Wager”**      You would enter 9# to continue or 6# to Log Off

If you choose to Reject the Wager (6#) then;

**“Enter Track”**      See Previous Steps

**Please Note:** Once you have terminated your call bet cancellations may only be made by calling the TAB Supervisor at (204) 885-9800.
